COLLECTION 2024 / 2025

# *Jumpers for joy!*

In April 2023, my husband Dougie and I had the opportunity to make a road-trip through Australia to visit and meet with ERIBÉ stockists. We spent two weeks with the wonderful Kim Rossouw of 'Le Bureau' (our Australian sales agents) and drove from Sydney to Melbourne visiting Canberra and many fascinating small rural towns along the way. We also spent three days exploring Tasmania. Our expedition allowed us to connect with retail stockists and meet enthusiastic fans of the ERIBÉ brand.

Each retailer curated their store with a distinctly unique flair, showcasing their individuality and taste, and without exception they knew and understood their customers well. We were warmly welcomed everywhere and able to draw inspiration and very useful knowledge from our meetings.

We also learned the value of heritage in Australia where a blend of 200 years of white settlers and a 50,000-year-old indigenous legacy painted a picture of one of the youngest yet oldest living historic cultures globally. This reflection sparked thoughts about our own Scottish heritage and the creative contributions we aspire to make for the future.

Guided by this historical perspective, it was straight back to designing the new collections when we arrived home in May. Working with Miho McEwan-Watt, our senior designer, Scotland's rich tapestry of artists, craftspeople, and our natural surroundings influenced us as we perfected the design and colour offerings for the season ahead. I am so excited by this collection and I hope you will love our 24/25 brochure.

Our collections this year celebrate a heartfelt connection to our Scottish roots and our commitment to crafting joyful knitwear for the world-wide community of ERIBÉ stockists and fans. This is the essence of ERIBÉ.

I wish you a joyful 2024!

*Rosemary Eibé*

## SUSTAINABILITY

### We are reducing our carbon footprint several steps at a time...

From the very beginning (1986), ERIBÉ has been mindful of the environment, choosing to use the best ecological natural yarns and promoting sustainable fashion with every collection. Our colourful knitwear never goes out of style and in a world of throw-away clothing, this is slow fashion at its very best - our products are designed to last.

Embedded in the 38 year ERIBÉ culture is the decision to re-use, recycle, share and give away. This started when money was tight and waste was unacceptable. Very few customers complained when they received old and used boxes – after all it's what's in the boxes that gives the delight!

Below are just some of the steps we have taken to reduce our environmental impact across all areas of the business.

We are constantly seeking to improve our sustainability practice and recently carried out a Net Zero report to help us achieve our environmental goals.

#### RAW MATERIALS

We use only 100% natural wool yarn which breaks down into its component parts at the end of its life and can even be composted. The many unique properties of natural wool make it one of the best sustainable fibres:

- 100% Natural
- Biodegradable
- Renewable and Sustainable
- Strong and Durable
- Low Carbon Impact
- Recyclable

#### MANUFACTURING

We use green energy produced by solar panels to power our factory. Our state-of-the-art washing machines use minimal water and soft Scottish water reduces the amount of chemicals required. The high spin cycle has reduced drying time. Faulty garments are mended wherever possible to prevent re-making. Our suppliers and manufacturing partners are chosen for their high environmental standards and ethical working practices.

#### PACKAGING

We use pins and cotton strings to attach swing tags rather than plastic kimbles. We have replaced our plastic garment bags with biodegradable bags made from wood pulp. We re-use the boxes that our raw materials are delivered in. They go back and forward many times and are literally falling apart before we discard them!

#### REDUCING WASTE

We only make to order – this way no excess is produced that then has to be sold off cheaply or sent to landfill.

Knitting is much kinder than cut & sew in woven fabrics – almost all the raw material is used as each garment panel is knitted to size, leaving no waste.

#### RE-USE & RECYCLE

Faulty panels are either re-wound back into yarn for knitting or are sold cheaply to a local small business who uses them to make colourful dog coats!

We use surplus yarn and discontinued colours to make scarves and garments. These are sold at a discounted price or given to charities.

#### DESIGN

Our timeless knitwear is designed to outlast short-lived fashion trends. We choose to create only one collection per year and we carefully build on proven designs with new colours and only add new styles we know our customers will love.

Everything, from our yarn to our buttons and trimmings, are chosen to have as little impact on the planet as possible.

## OUR YARNS

ERIBÉ is all about the people involved; from our wool producers, spinners, mills and suppliers, to our agents, buyers and customers. Great attention is paid to every person involved in our supply chain to ensure the highest standards of ethical production.

All our woollen yarns are:

**Ethically sourced from top producers who ensure our yarn is treated with passion and care at every stage of the production process**

**Mulesing free - "No Fly Strike"**

**Follow the EU REACH and OEKO-TEX® dye regulations**

**RWS (Responsible Wool Standard) and Control Union certified**

The Responsible Wool Standard (RWS) aims to improve the welfare of sheep and the land they graze on. It requires all sites from wool farmers to the seller in the final business-to-business transaction, to be certified.

RWS farmers must meet animal welfare, land management, and social requirements.

### MERINO LAMBSWOOL

The Merino Lambswool we use for our Alpine, Stobo, Corry, Montrose and Stoneybrek styles is spun in Yorkshire by a family-owned company who have been spinning yarn for over 200 years. The fibre is dyed before it is spun - a gentle process that gives a superior colour result and finished handle. They source natural fibres with the highest standards of animal welfare and take the issues of sustainability seriously. Their Yorkshire mill uses technology to reduce power usage and all wood, paper, plastic, metal and fibre waste is recycled.

### SUPERFINE MERINO LAMBSWOOL

Kinross garments are made with a premium Scottish spun, fully traceable, and guaranteed non-mulesed RWS Certified superfine merino lambswool yarn. It is so soft and lightweight, it almost feels like cashmere. The spinner uses water drawn from nearby Loch Leven – the dyes used are environmentally friendly, so the water used is cleaned and returned to the bird and fish nature reserve loch once dyeing is complete.

### SOFT SHETLAND

Our Soft Shetland collection is knitted in a premium quality 100% Soft Shetland Wool spun in Yorkshire from New Zealand wools produced by suppliers who operate very high welfare practices in the farming of their sheep which also means they are mulesing-free. All dyes and chemicals used in the manufacturing process conform to the latest EU REACH and OEKO-TEX® regulations.

For our photoshoot this year we used the location of Abbotsford House and its stunning garden and grounds. Abbotsford is only a few miles from us at Melrose and was the residence of Sir Walter Scott, the famous novelist and poet.

Sir Walter Scott is considered a member of the Scottish Enlightenment. This group of influential writers and thinkers included Adam Smith who wrote 'The Wealth of Nations' and Robert Adams who created the neoclassical architecture that dominated our cityscapes from the late eighteenth century. Sir Walter Scott romanticised our history, allowing us to view it from a modern perspective. Abbotsford is celebrated in this year's brochure and provides an beautiful setting to showcase our offerings. We have chosen some of Sir Walter Scott's well known quotes to complement the atmospheric photography created at this wonderful location.

child of art than a garden”*

## Caring for your ERIBÉ Knitwear

ERIBÉ creates beautiful knitwear that is warm, soft and very special. We use only the finest natural yarns, most of them spun in Yorkshire, by people who, like us, have an inherited understanding of craftsmanship and a love for what they do.

It is perfectly normal that when you first wear a pure wool garment, loose fibres near the surface rub together during movement and form little balls of wool known as pilling or bobbling. We have put together this simple guide to help you beat the bobbles and keep your ERIBÉ garment looking fantastic for many years to come...

### Handwash is best

This is the gentlest way to wash your knitwear and the best way to avoid shrinkage and minimise pilling.  
Wash by hand in tepid water.

### Wash inside out

Any pilling caused by washing will be on the inside not the outside.

### Use liquid soap

Add a small amount of liquid hand soap and soak the garment in lukewarm water for 5 minutes. Never use regular washing detergent as this can damage the fibres.

### Squeeze, don't rub

To wash the garment you must gently squeeze, without rubbing, the garment in the water. Lay your damp garment on a large bath towel. Gently roll the towel and the garment together much like a Swiss roll to remove the excess water.

### Air dry flat

Pull gently to size and allow to dry flat on a clean towel away from direct heat sources such as radiators. When dry, press to shape using a damp towel or lightly steam by holding a steam iron just above the surface of the garment.

### Remove any pilling

When the garment is completely dry, gently remove the small pills either by hand or with a hand-held sweater comb or razor - NEVER use scissors. By doing this after each of the first 3-4 washes, you will find that the pilling subsides and will eventually disappear.
